

La Marzocco Technical Bulletin # 58 - November 12th , 2012

New Coffee Boiler for Linea-FB/70 & GB5-FB/80

Dear La Marzocco Family Member,

Hereby we would like to inform you about the latest modification on LM's coffee boilers.

The new coffee boiler endplate has changed in order to improve the production assembly.

This modification will be on machines starting from the following machine serial number:

Linea & FB/70 from serial n° **36670**

GB/5 & FB/80 from serial n° **7097**

The picture below shows the new end plate design:

The boiler itself can fit on both families of machines, but a different part number will distinguish the boiler with internal tube for the Linea and the one for the GB/5.

Both versions will be equipped with the spacers (see picture) required to fix the boiler onto the frame.

The new part numbers are:

Linea & FB70 (Assembly kit included)	
Part number	Description
L.1.005.2.R	2GRP BOILER FLAT ENDS
L.1.005.2DX.R	2GRP RIGHT SIDE BOILER FLAT ENDS
L.1.005.3.R	3GRP BOILER FLAT ENDS

GB5 & FB80 (Assembly kit included)	
Part number	Description
L.1.005.2GB.R	2GRP GB/5-FB/80 BOILER FLAT ENDS
L.1.005.2DGB.R	2GRP RIGHT SIDE GB/5/FB/80 FLAT ENDS
L.1.005.3GB.R	3GRP GB/5-FB/80 BOILER FLAT ENDS

The assembly kit for both types of machines is the L.1.005.K that is composed of:

L.1.005.K		
Part Number	Description	QTY
F.6.001.01	SPACER	4
I.1.013	ALLEN HEAD SCREW TC 6X30	2
L165/9	WASHER 6.5 x18x1, 5	4
DADO6M	NUT 6M	2

This kit is also available for purchase separately from Nuova Ricambi.

Remaining at your disposal to clear any doubt.

Best regards
